

Cell Biology, Developmental Biology, and Systems Biology Course Meeting

Co-organized by
Advanced Study of Human Biology (ASHBi)
Research Center for Dynamic Living Systems (生命動態研究センター)

Date: October 16th, 2020 (Fri), **10:00 (JST) –**

This webinar is held on Zoom

- For students who need the credits, preregistration is required to get the link for the zoom in your PandA account.
- For others who want to join the webinar, please register from the link: <https://forms.gle/iTR344hbZCxNxLP57> or the QR code below.

(10:00 -) Sawako Yamashiro

Grad Sch of Biostudies, Kyoto University

Role of retrograde actin flow revealed by single-molecule speckle (SiMS) microscopy

(10:30 -) Naoko Mizuno

NHLBI, National Institutes of Health

Bottom-up/Top-down investigation of signaling process governing cell shape formation
