

Cell Biology, Developmental Biology, and Systems Biology Course Meeting

Co-organized by
Advanced Study of Human Biology (ASHBi)
Research Center for Dynamic Living Systems (生命動態研究センター)

Chaired by Prof. Tadashi Uemura (Grad Sch of Biostudies, Kyoto Univ)

Date: December 18th, 2020 (Fri), 17:00 (JST) –

This webinar is held on Zoom

- For students who need the credits, preregistration is required to get the link for the zoom in your PandA account.
- For others who want to join the webinar, please register from the link: <https://forms.gle/iTR344hbZCxNxLP57> or the QR code below.

(17:00 -) **Kai Li**

Grad Sch of Biostudies, Kyoto University

**Elucidation of neural mechanism that governs
nociceptive behavior via modulating excitability of
peptidergic interneurons**

(17:30 -) **Hokto Kazama**

RIKEN Center for Brain Science

Decoding of olfactory representations in the brain
