

Cell Biology, Developmental Biology, and Systems Biology Course Meeting

Co-organized by

Advanced Study of Human Biology (ASHBi)

Research Center for Dynamic Living Systems (生命動態研究センター)

Chaired by Dr. Ken-ichi Amemori (ASHBi, Kyoto Univ)

Date: May 28th, 2021 (Fri), **17:00 (JST) –**

This webinar is held on Zoom

- For students who need the credits, preregistration is required to get the link for the zoom in your PandA account.
- For others who want to join the webinar, please register from the link: <https://forms.gle/iTR344hbZCxNxLP57> or the QR code below.

(17:00 -) **Ken-ichi Amemori**

Advanced Study of Human Biology (ASHBi), Kyoto University

**Neuroscientific and genetic approaches
to primate anxiety-like state**

(17:30 -) **Fumitaka Osakada**

Nagoya University

**Cell-type-specific targeting strategies with viral
vectors in non-transgenic animals**
