

Cell Biology, Developmental Biology, and Systems Biology Course Meeting

Co-organized by

Advanced Study of Human Biology (ASHBi)

Research Center for Dynamic Living Systems (生命動態研究センター)

Chaired by Prof. Naoki Watanabe (Graduate school of Medicine, Kyoto Univ)

Date: Jun. 25th, 2021 (Fri), **17:30 (JST) –**

This webinar is held on Zoom

- For students who need the credits, preregistration is required to get the link for the zoom in your PandA account.
- For others who want to join the webinar, please register from the link: <https://forms.gle/iTR344hbZCxCxNLP57> or the QR code below.

(17:30 -) **Manasi Kelkar**

London Centre for Nanotechnology, University College London

**Role of cortical mechanics
in mitotic spindle positioning**

(18:00 -) **Guillaume Charras**

London Centre for Nanotechnology, University College London

**Dissecting the mechanical forces
shaping cells and tissues**
